

Encinitas Learning Center

Assisted Home Program with *FastForWord®*

*** What we do...**

The student receives individualized protocols based on needs and goals. Using our nearly 15 years experience with hundreds of clients, we feature FastForWord®, but not a “one size-fits all” program.

• What learning challenges can be helped?

Our educational therapy addresses the unique demands necessary to improve Reading, Learning Modalities and Auditory Processing as well as the educational challenges of Dyslexia, Autism and other learning problems.

• What are the choices?

Monthly*	3-Month*	2-Month Intensive*
30-50 minute sessions \$ 125 Registration Fee \$ 500 / Month	30-50 minute sessions Registration is waived. \$ 1320 for 3 months \$ 250/month thereafter	Up to 90 minute sessions Registration is waived. \$ 1195 for two months \$ 250/month thereafter
<p>INCLUDED WITH PAYMENT PLAN...(typical program length of 3-6 months; average is 4 months) <u>120 Day Guaranteed Results (See below for details).....14 Day Risk Free Trial</u></p>		

• What is the cancellation policy?

All clients have a 14 day window to cancel and all monies are returned minus a \$ 125 administrative fee. We require payments in advance and presume you will stay beyond the 14 day trial period. However, you can decide at any point in the first two weeks to cancel for any reason. If, for some reason you cancel later, you can do so and we would recalculate your service use based on our monthly rates (\$500 for “Standard”, \$ 750 for “Intensive”) and refund you the difference. We make this refund option possible because cancellation is very rare!

• Do you offer sibling discounts?

Yes. All other family members –siblings or parents-qualify for a 20% discount.

• What are the conditions of your “Guarantee”?

If, after four months of FastForWord® service, you do not see results and there are no measureable gains in our post testing, we will provide three months of “BrainWare Safari”®, a program with a different approach, completely free of charge. FastForWord® works! Please do not count on getting “BrainWare Safari”® for free!

• What happens if my child needs more time?

If your child requires more time after your prepay, you can continue as a monthly client at \$ 250/month. Most students take 3-6 months---about 2/3 of our clients continue for at least one additional month to take advantage of our entire program series.

• How is the “Intensive Program” different?

The intensive program is mainly for home school children during the school year and for all children during the summer program. There are two important features: first, the intensive program has more time flexibility, with protocols of 30,50,or 90 minutes each day. This allows you to work longer in low activity weeks, while scaling back when your children are busier. Second: “Intensive” students can blend programs; meaning they can work on more than one program at once. This contrasts with the sequential, one-at-a-time approach of our standard program. The “Intensive” allows students to squeeze 4-5 months of programming into a two month period.

• What is the next step?

To find out if your child is a candidate for our program, please call for a complimentary screening and review of records. My office number is (760) 634-6886 and my electronic mail address is encinitaslearningcenter@yahoo.com.
