## Summer Program

### 3 Easy Steps to School Success !

1. Schedule a free screening at Encinitas Learning Center to learn if a cognitive skill could be holding your child back.
2. Discover the right programs or training strategies to improve your child's performance this summer.
3. Enroll for a Summer Mental Bootcamp to specially address your child's individual's needs, which may include cognitive skills training, tutoring, or a combination of both.

- **For Student 1st to 12th grades, who's reading fluency and/or comprehension is below expectation.**
- **The Reading Lab uses the latest technologies and methods developed by neuroscientists to help students optimize reading performance - in a matter of weeks, not years.**
- **Summer Session: July 9 through August 17 (six weeks) of 1:1 instruction for two hours daily Monday - Friday. Times are 8:30 , 10:30, and 1:00. Intensive training can improve reading skills by 1.5 years in just six weeks!**

### Cognitive Skills Are Key

Tutoring is reteaching academic skills that should have been previously learned. Good instruction is necessary to make a difference in that subject area. BUT REAL success is achieved by identifying the reasons your child is struggling, and developing strong cognitive processing skills to make a difference for life time!
